

PALLET TRENDZ

Rustic Wood Furniture

Pallet Trendz has been manufacturing quality and affordable bespoke pallet furniture since 2012, using off the saw pallet wood.

We use fasteners and glue to manufacture all our furniture

All our pieces are handmade and therefore each piece is unique and may not be completely smooth due to the nature of the raw material, but will still look fantastic

The furniture shown in this catalogue can be manufactured to suite your own specific requirements

If you can't find it in this catalogue, please feel free to send us a sketch with measurements or a photo example and we will gladly send you a quote.

Prices exclude cushions. Cushions can be made on request

Prices include a paint or varnish finish

We do not use old pallets but rather new pallet wood that is used in the manufacture of pallets. For dining and bar tops we use 32mm thick SA Pine to give a stronger and more durable piece of furniture

Address:

**2 Beech Street
Three Rivers
Vereeniging**

Or type "Pallet Trendz" into Google Maps or Waze and you will be directed straight to us
